

# Your New Market → is Calling

## Fostering business relationships with the United Kingdom

As Europe's largest market for U.S. exports, the United Kingdom is a major trading partner.

To leverage this opportunity and promote economic development along Central Florida's high-tech corridor, UK Trade & Investment is leading a trade mission to the United Kingdom.

You're invited to participate in this mission and explore the opportunities in this highly sophisticated, diverse market.

As an attendee, you will benefit from:

- Receptions with senior executives and governmental contacts in the United Kingdom
- Sector-specific individual meetings
- Networking with industry leaders, including National Center of Simulation Executive Director Lt. Gen. Thomas L. Baptiste
- Economic development briefings

This trip is ideally suited for the following sectors:

Simulation & Technology

Life Sciences

Manufacturing

This trip is quickly approaching, so act now to secure your company's sponsorship.
